# Sustaining Moving & Learning

## The Ultimate Learning Tool

Great News!

Your school has invested in our Tagtiv8 resources. The initial responses from children will be incredibly positive:

- “Can we play again?”
- “Tagtiv8 is awesome!”
- “Does Tagtiv8 do birthday parties? This is way better than a bouncy castle!”

However, how can we ensure:

- we maintain momentum?
- Tagtiv8 is sustainable?
- Tagtiv8 does not become forgotten - gathering dust in the PE cupboard?

Check out the ideas in **‘Sustain’**.

## Inspiration from Social Media

Teachers ‘magpie’ ideas left, right and centre. We are no different. Here are 2 legends to set the wheels in motion:

- [Primary PE Cook Book](#)
- [Niall O’Brien](#)

## Leader Boards & League Tables

As former teachers and school leaders, we hate the idea of league tables for schools and a culture driven by data.

However, our good friends at [TT Rock Stars](#) came up with the awesome idea of Leader Boards and League Tables.

The idea is so cool, we ‘magpied’ it.

## Display Boards

Tagi and Tiva are great at introducing the Physical, Thinking and Blended Challenges on digital devices. You can also use their editable speech bubble templates to motivate your children - and colleagues - nudging them towards healthier habits.

## Create New Content

Many children are naturally creative. Build on their ideas - maybe:

- run a competition?
- ask children in their final year to create a legacy of new games before they leave?

## Tagtiv8 Champions

Teachers are incredibly busy so why not hand over responsibility to the children? Read the rationale here:

- [Moving & Learning on a River](#)
- [Student Led Learning](#)

## After School Clubs

Why not run weekly after school clubs for children? Check out some cool ideas from a school [here](#).

## Tagtiv8 in Action

Keep up to date by:

- reading our latest [blog posts](#)
- heading to our [YouTube channel](#)
