Create & Lead Active Learning #moveandlearn

Create & Lead your own PAL Games

Creating New Games

We hope you enjoy playing our games, many of which have been created by children and teachers from schools around the world. We know that you will also be able to create and develop your own games. If you have an idea, use the following templates to help you.

We look forward to hearing from you about:

- the name of your game
- The resources you need
- how to organise the game
- how you score points
- useful strategies to help win the game

You can print off the templates.

Alternatively, email hello@tagtiv8.com and we will send a link to Google Drive or One Drive. You can then rename and edit the file, before sharing with Tagi, Tiva and the rest of the team at Tagtiv8.

Please email your ideas to ideas@tagtiv8.com

Thank you...

Leading New Games

Creating games is great and so is leading them.

We love to see 'Play Leaders' from different schools introducing games to other children in other classes.

It takes time and resilience to help lead the perfect Tagtiv8 session.

Your communication skills need to be awesome if other children are to understand how to play the game.

- Do they know the rules?
- Do they know how to score points?
- Do they know strategies to grab more tags?

Badges & Prizes

Keep us posted about how you get on. It's always great to share how you are moving & learning with others.

Tagtiv8 merch for those that are published.

Create your own PAL Games

What's the name of your game?	What's the aim of your game?	Who is the game for?	How many people can play?
How do you organise the players and/or teams?	What resources do you need?	What is the Physical Challenge?	What is the Thinking Challenge?
What are the rules?	How do you score points?	What strategies do you suggest for winning?	Can you add sketches or diagrams or photos?

Tagtiv8 Champions

Our Greatest Resources - Teachers

We know that the Tagtiv8 resources are awesome.

However, they are only as good as the best resource - YOU!

As former teachers, we know how busy the life of a teacher is - with so many demands on your time and energy levels. Luckily, we have a solution - actually, we have lots of them.

Our Greatest Resources - Children

It's time to unleash the talents of our children!

Having worked - and played - with hundreds of schools, we know how wonderful children can be in terms of:

- creativity
- leadership
- problem-solving
- organisation

When given opportunities and trust, children surprise many of us.

Move & Learn Ambassadors

Tagtiv8 empowers children to lead Tagtiv8 sessions with:

- their peers in the same year group
- younger children from other classes

Watch the Tagtiv8 Champions create and lead sessions of their own. You can see them walking taller!

Check out these blog posts to see how schools are putting Student Voice into Student Action:

Be Creative

Send us your ideas about empowering children & we will share your creativity with other Tagtiv8 schools.

In return, we will send Tagtiv8 merch & prizes to you.

Hey, Sharing is Caring!
